

Massage at Thrive
WELLNESS & RECOVERY

NOW HIRING • LICENSED MASSAGE THERAPIST

Massage At Thrive | Milford, Ohio

W-2 PART-TIME POSITION

Anticipated Start: January–February 2027

A MESSAGE CAREER BUILT FOR LONGEVITY

We're looking for the **right therapist to grow with us long term**. Our goal is to create a sustainable practice where you can provide excellent care, build lasting client relationships, grow as a practitioner, and enjoy a career you can stay in with a work life balance that supports your professional and personal goals.

WHAT MAKES THIS POSITION DIFFERENT

- ✓ **Competitive pay for ALL scheduled working time**
- ✓ **100% of client tips**
- ✓ **Paid transition time between clients, no off the clock work**
- ✓ **No back-to-back, high-volume schedule**
- ✓ **Support for continuing education and professional growth**
- ✓ **A collaborative approach to creating a schedule that supports your professional goals and personal life**

At Massage At Thrive, you are **paid for your work—not just your hands-on massage minutes**.

Paid time includes consultation, treatment planning, client transition, documentation, chart review, room preparation, sanitation, linens, restocking, checkout, and other necessary responsibilities.

OUR APPROACH

Massage At Thrive is a new massage therapy branch of **Thrive Wellness Physical Therapy and Personal Pilates**, an established cash based Milford wellness practice owned by **Jenny Stollmaier, PT**, with 25 years of physical therapy experience.

We are creating a calm, professional, one-on-one environment focused on:

Quality over quantity • Individualized care • Long-term client relationships • Therapist longevity

ALL-INCLUSIVE MESSAGE MODEL

One session price. No pressure to sell add-ons. Techniques are selected based on the client's needs, therapist judgment, and Ohio scope of practice and may include techniques such as:

Swedish • Therapeutic Massage • Deep Tissue • Myofascial Release • Trigger Point • Assisted Stretching • Cupping • Hot Stones

SCHEDULE DESIGNED FOR SUSTAINABILITY

Our planned paid schedule includes transition time around each massage:

30 min → 50 min paid

55 min → 75 min paid

85 min → 105 min paid

115 min → 135 min paid

The goal is excellent care—not rushing through as many appointments as possible.

CONTINUING EDUCATION

We value therapists who want to continue learning and growing.

On a **case-by-case basis**, Massage At Thrive may contribute toward continuing education when the course:

- Supports the therapist's professional development
- Provides meaningful benefit to our clients and practice
- Fits within the practice's budget

Any financial support will be discussed and approved **in advance**. When Massage At Thrive makes a meaningful investment in continuing education, a **reasonable retention agreement may apply**, with the terms discussed and agreed upon in writing before the course is taken.

Our goal is to invest in therapists who want to **grow with the practice long term**.

WHO WE'RE LOOKING FOR

Ohio-licensed massage therapist who is:

- Professional, dependable, and personable
- Comfortable with therapeutic and relaxation massage
- Committed to individualized client care
- Comfortable working independently and documenting electronically
- Attentive to cleanliness and professional standards
- Interested in building long-term client relationships
- Looking for a calm environment rather than a high-volume spa

Long-term growth and additional compensation opportunities may be available for the right fit as the massage program grows.

A GREAT WORK ENVIRONMENT

Private treatment room • **Earthlite Ellora Vista Electric Lift Table** • On-site parking • Convenient highway access • Minutes from historic downtown Milford
